Put Britain First

British Intelligence service estimates that 850 British citizens travelled to Syria and Iraq to join our enemy, the Islamic State. In doing so they committed treason!

Four hundred of these are believed to have returned to Britain, but only 54 have been prosecuted. Amazingly, the Home Office is refusing to reveal why hundreds of these battle-hardened murderers were not prosecuted. These traitors are an ever present threat to the British people and should be treated as such. The Home Office has a duty to protect the British people, not the human rights of traitors!

Grubby Money

The grandly named "Presidents Club" came to an untimely end when its annual "dinner and grope" annual fundraising event was infiltrated by journalists posing as "hostesses". We will not bore our readers with details of the event which have been well publicised in the national media. But, what we found interesting was the decision by some charities to pay back donations from the Presidents Club. A brave and honourable decision! On the Presidents Club website are a number of charities which the club has made donations to including the "Community Security Trust" which "monitors ant-Semitism and arranges self-defence classes for British Jews". In view of the grubby way these funds are raised will we now see the CST join others in returning the tainted money?

We shall see!

Honourable? They don't know the meaning of the word

Our masters in Parliament love to hear themselves addressed by the quaint terms, *Honourable* or *Right Honourable*. But is attempting to access pornographic websites 24,000 times over a six-month period from their taxpayer funded computers, really *Honourable*? Have these perverts, who we pay to run the country, nothing better to do than log on to watch porno 160 times a day, or one visit every nine minutes? The culprits must be named and shamed!

Europe Under Threat as Muslim Population is Forecast to TREBLE!

Europe, as a mainstay of Christianity, is set to see its Muslim population treble in the next few years, leaving proudly Christian countries such as Austria, Germany, France, Belgium, Netherlands, Sweden and even Britain, with a population of which one in five citizens are Muslims!

The forecast, by a US-based religious research centre, blames mass migration and the high birth-rate of migrants which, if allowed to continue unabated, will leave a North European Christian country such as Sweden with a population that is one third Muslim.

"New Europeans"

Sweden has traditionally had an extremely liberal attitude towards immigration and is forecast to have four and a half Muslims living there eventually, 31% of the population.

The land of the Vikings is set to change forever!

In more recent times it is Germany, under Frau Merkel's open door immigration policy that has attracted over 1 million immigrants. New plans to cap migrant numbers will still allow an extra 1 million to make their homes in Germany every five years. It is forecast that Germany will eventually be home to over 17 million Muslim citizens. Twenty-percent of the entire population!

Britain is currently home to around 4 million Muslims, representing just over 6% of the population, but that figure is forecast to rise to over 13 million, almost 20%, or one in five of the population.

Italy, the birthplace of European Christianity, faces an estimated increase in its Muslim population to over 8 million, or 14% of its population

With the growth of Islam come demands for more Mosques to be built, Halal food and the recognition of Sharia law and Sharia courts. Could the days be numbered for the Vatican?

The Vatican: It could become the largest Mosque in Europe one day

In total, the forecast shows that Europe will eventually become home to some 75 million Muslims. This is three times the 26 million Muslims believed to be currently living here. Whole cities will become dominated by Muslims. Local Councils will be controlled and run following an Islamic agenda. Sharia courts will be recognised and the wearing of Burka's and the Niqab will become the norm. Commercial pressure would ensure that all of our meat would be Halal and Mosques will dominate our skylines.

The face of Britain and Europe will be changed forever!

NEWS AROUND BRITAIN

***Britain First* Leadership Jailed on Race Charges**

Britain First leader, Paul Golding and his deputy, Jayda Fransen have both been jailed following their convictions of Religiously-Aggravated Harassment.

The case revolves around what has been described as a campaign of "racially-aggravated harassment" against a group of Muslim men who raped a 16 year-old white girl in a flat above the Pizza shop in Ramsgate, Kent, where they worked. Jayda Fransen was filmed by Paul Golding verbally confronting the rapists at the Pizza shop owned by one of the accused. Jayda also confronted the men outside Canterbury Crown Court and one of the men at his home.

Although it was the *Britain First* leadership in the dock, it was TRUTH that was on trial. During the confrontations Jayda called the men "Muslim rapists". **All the accused were Muslims and all were convicted of rape!**

Ramsgate Rapists: Muslim and Guilty!

When the Ramsgate rapists were arrested there was no mention by the police or local media that the accused were Muslim. It was only after Jayda and her colleagues got involved that the accused race and religion were brought into the public eye. Given that there is a pattern emerging of "racially motivated rape" committed by gangs of predominately Asian Muslims against young white girls throughout Britain the religion of the Ramsgate rapists was definitely in the "public interest".

One *League Sentinel* reader who attended court reported that the trial had the feel of a "political trial"

rather than just a criminal one, perhaps "payback" for embarrassing the British government by tweeting videos to the US President, Donald Trump!

Paul Golding was sentenced to 18 weeks in prison and Jayda Fransen to 36 weeks.

Jez Turner faces Crown Court Trial

London Forum organiser Jez Turner has had his "race-hate" case referred to Southwark Crown Court for a three-day trial starting on Monday the 16th of April. Mr Turner is charged with "inciting racial or religious hatred" following a speech he made in Whitehall in July 2015. As part of his speech, Mr Turner criticised the "Shomrim", a predominantly Jewish vigilante-type group that wore police-style uniforms and mounted patrols in North London.

Details of the speech were examined by the Crown Prosecution Service who after a year of deliberations, decided no offence had been committed. But then there was a sudden, unexplained u-turn and the CPS charged Jez Turner with the serious crime of "inciting racial or religious hatred", an imprisonable offence. It has been suggested that a Jewish-interest group, the Campaign Against Anti-Semitism threatened the CPS with legal action if they did not reconsider, and charge Mr Turner.

If this is true, the head of the CPS should resign, or be sacked. The CPS should have stood by its original decision not to prosecute and faced own any legal threat from the CAA.

Jez Turner. The next Martyr to Free Speech?

Royal Navy Brings 18,000 Illegal Migrants to Europe

Royal Navy ships have successfully rescued over 18,000 migrants at sea in the Mediterranean, and ferried them safely to European shores since 2015.

As part of an EU naval taskforce established to counter people smugglers, over 160 smugglers boats have been seized and destroyed by the Navy, but not before taking the occupants on board and delivering them safely to a European port. Thus acting on behalf of the smugglers!

Over 300,000 migrants have been ferried to Europe by European navy ships in just one year!

The £15.2 million EU mission has been condemned as a "failure which has in some ways made life easier for the smugglers".

In just one 24-hour period, HMS Echo rescued 240 migrants from leaking boats and transported them to Sicily.

One in Ten Council Houses Allocated to Foreigners

With over one million British families on waiting lists for social housing, and over five thousand homeless people living on our streets, it has been revealed that one in every ten families given council or housing association homes last year were non-UK citizens! As British families are forced to live in hostels, and the most vulnerable in our society, including ex-

Servicemen, struggling with mental health problems, sleep rough on our streets, 11,000 social housing homes were given to families from the EU, and 9000 to families headed by nationals of countries from outside the EU. The figures were released by the Ministry of Housing and Local Government.

Lady Renouf Faces Investigation by German Police

Lady Renouf

German police are investigating comments allegedly made by London-based historian Lady Michele Renouf at a rally in the German city of Dresden. The rally was commemorating those killed by allied bombing on the 13th to 15th of February 1945.

It is alleged that while addressing the rally Lady Renouf commented that "the only Holocaust in Europe was against German civilians". Although this comment, if made, was certainly a reference to the bombing raids that deliberately created a "firestorm" which killed over 100,000 German civilians in Dresden in just three days. Allied bombers dropped 3,900 tons of explosive and incendiary devises on a city containing over one million civilians.

German authorities view the term "Holocaust" as only referring to Jews. Free speech is not available in Germany and "Denying the Holocaust" is a criminal offence. Even questioning the "approved" version including questioning numbers can find the curious facing jail.

Number of Child Migrants in Britain has **DOUBLED** in Four Years

Figures released under Freedom of Information laws have revealed the number of migrants who claim to be unaccompanied children, under the age of 16, has doubled in the past four years and now stands at 13,600.

Of these, almost 3000 have been discovered to be adults lying about their age, but just 580 have been deported.

Just One in Five!

These figures were up to the end of 2016, but it has since been revealed that from January to September 2017 a further 695 "child" applications were made of which 457 proved to be adults. **None have yet been deported!**

"Vulnerable Child Migrants"?

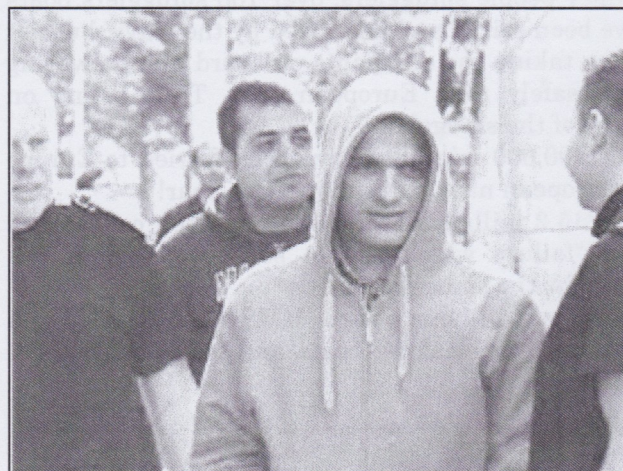

All of these "child" migrants, if unaccompanied and "vulnerable" should have been taken into care by French social services but, those who claim to have relatives living in Britain are being allowed in to claim asylum. They then become the responsibility of local councils who are responsible for all costs associated with child asylum seekers until they are 25 years old! This includes providing schooling and the cost of a place in a children's home or foster care. University fees if applicable and a council home or subsidised rented accommodation when they leave care!

British PM Caves in to French Demands on MORE Child Migrants

British Prime Minister Theresa May has caved in to French demands that Britain takes in an unnamed number of young migrants currently living in France. In addition the young migrants, believed to be around 800, will have their applications to come to Britain "fast-tracked" cutting their wait from six months to just 28 days!

Each child costs approximately £67,000 a year to keep, half of which is funded by the government via

the taxpayer, and the other half is funded by the local authority governing the area the child is in, via the local council tax.

None of these "child" migrants are genuine asylum seekers fleeing from persecution. If they were, they would be delighted to settle in France. But no, they are in reality, economic migrants looking for an easy life exploiting the benefits of Britain, thanks to Theresa May.

HONOURABLE ?

They don't know the meaning of the word!

Our masters in Parliament love to hear themselves addressed by the quaint terms, *Honourable* or *Right Honourable*. But is attempting to access pornographic websites 24,000 times over a six-month period from their taxpayer funded computers, really *Honourable*? Have these perverts, who we pay to run the country, nothing better to do than log on to watch porno 160 times a day, or one visit every nine minutes? The culprits must be named and shamed!

The issue of politicians accessing porn sites first came to prominence when the offices of Theresa May's deputy, Damian Green, were raided by the police searching for the source of government leaks. On investigating the computers in Green's office police reported that a "substantial" amount of pornography had been accessed and viewed. The Prime Minister swiftly sacked her deputy from the Cabinet.

This incident prompted a Freedom of Information request from the Press Association, and the results were astonishing. In the months from March to October 17 at total of 30,876 attempts to access pornographic material on parliaments 8,500 computers. During this period parliament was dissolved between the end of April and early June while the general election took place, and parliament was in recess (holiday) from the end of July to early September.

Beware: Perverts Work Here

Returning in early September the "Honourables" could not wait to get back to their computers, and they made a record 9,467 attempts to access porn sites in September alone!

In addition to pornography, parliamentary staff listed dozens of sex obsessed MPs they accused of "inappropriate behaviour" including serious sexual assaults. The establishment responded in its time honoured way. Promises of an "independent investigation", more "training" for MPs and the introduction of a "code of conduct".

Those accused were allowed to remain anonymous!

Every major company in this county regards accessing pornography on company computers as a disciplinary offence. Many class it as "gross misconduct" and a dismissal offence. So why are the culprits in parliament treated differently? Why are their identities being protected?

Name and shame the offenders and force them to resign.

They have no honour!

UNION MOVEMENT

When the second European civil war ended in 1945, many thought that the political career of Sir Oswald Mosley was finished. He and his *British Union* brotherhood had fought a long campaign to prevent war between Britain and its German brothers and had been imprisoned for his efforts. Now, with the war over, and Germany divided, his enemies assumed that Mosley would retire from politics. But it was not to be ...

In post-war Britain, patriotic politics had fragmented into dozens of different groups, often led by former members of British Union. In 1946 Mosley had launched the *Mosley Book Clubs* and was distributing a new publication, the *Mosley Newsletter*. On the 15th of November 1947, representatives of fifty-one British patriotic groups attended the Winter Sales Conference of *Mosley Publications* at the Memorial Hall, Farringdon Street, London. The hall held 1300 people and every seat was taken. One wonders how many of them realised that this was the very same venue that Mosley used fifteen years previously for the inaugural indoor meeting of the *British Union of Fascists*!

Mosley, as Chairman of *Mosley Publications*, gave a stirring speech on how Western civilisation was now threatened by Soviet communism and only a strong, united Europe, working with the US as a partner could save our peoples from the Soviet barbarians. National action was not enough said Mosley, "*the Union of Europe was now necessary to the survival of every nation in this Continent. From that union would be born a civilisation of continuing creation and unfolding beauty that would withstand the tests of time*".

The audience was transfixed. Here was Mosley back with a vengeance, **and back with a cause!**

One by one, the leaders of the "Big Four" patriotic groups addressed the audience. *The Imperial Defence League* and the *Sons of St George* offered their immediate support, and Victor Burgess of the *Union of British Freedom* offered to merge his organisation with any new group headed by Mosley without reservation. Finally came Jeffrey Hamm of the *British League of Ex-Servicemen*. Hamm, a former Blackshirt, had led his group into the old British Union heartlands of East London, and had been forced to fight a running battle with Zionist thugs from the 43 Group in order to establish a regular speaking venue in Dalston's Ridley Road market.

Jeffrey Hamm chose to speak from the gallery of the hall, and told the audience of the great struggle for free speech the *British League* had won for East London.

He then offered to merge his organisation into a new movement under Mosley's leadership.

History was being made!

British League of Ex-Servicemen. Founder Members of Union Movement

In the December issue of the "*Mosley Newsletter*" the leader announced that a new movement, UNION MOVEMENT would begin early in 1948.

He emphasised that "*this is not a task which I have sought, but none of us can stand aside while Britain sinks. While we live, we serve*"!

UNION MOVEMENT: *Continued*

Union Movement would be launched with ten founding principles.

THE UNION OF EUROPEAN PEOPLE
 RESIST COMMUNISM AND FINANCE
 A NEW CIVILISATION AND WAY OF LIFE
 POWER BY VOTE OF THE PEOPLE
 ABOLITION OF THE PARTY SYSTEM
 DEVELOPMENT OF AFRICA AS AN ESTATE
 OF THE EUROPEAN
 ABOLITION OF CLASS, PRIVILEGE, AND
 HEREDITARY WEALTH
 HEREDITARY SERVICE IN CREATIVE
 ENTERPRISE
 THE WILL OF THE PEOPLE SHALL PREVAIL
 THE DUTY OF SERVICE

In post-war Britain these principals were radical to say the least, but none could be implemented until power through government had been achieved. Efforts to gain support from European parties were hindered by the British authorities' decision to deny Mosley a passport. This restriction lasted for four years!

Other tactics used to stifle the growth of Union Movement included almost total exclusion from radio (television was not yet available) and the banning of the party from using halls controlled by Labour councils. Street meetings were held and were popular, perhaps because the violent, anti-democratic 43 Group often tried to disrupt them and usually received a good beating for their troubles. While this spectacle was entertaining for the audiences, it was not the best way to get a political point across!

Despite these obstacles, in just a few years Union Movement grew to having offices in London, Manchester and Birmingham, and had its own drum and flag corps for street activities. In East London, Union Movement produced its own local newspaper. It grew in popularity because of its uncanny ability to uncover juicy scandals in local government. A Union Movement candidate attracted 33% of the vote in Shoreditch, a very credible vote for a candidate in a new party. Marches and rallies regularly drew crowds of several thousands.

In 1962 Mosley attended the Conference of Venice and met with representatives from political parties in Germany, Italy and Belgium to promote the concept of *Europe a Nation*. It was at this meeting the decision was taken to mount a joint campaign by forming an electoral alliance under the name of the *National Party of Europe*.

Tens of Thousands Attend a Union Movement *Europe a Nation* Rally

The conference issued a declaration that pledged while *Europe a Nation* would have common policies on foreign affairs, defence, finance and scientific development, national governments in each member country would retain full power over social and cultural policies.

Despite well attended public meetings, the idea of *Europe a Nation* failed to capture mass public support. In the 1966 General Election, Union Movement fought just three seats. Mosley fought East London, Jeff Hamm fought Manchester and that great patriot, Dan Harmston, fought North London. All three fought vigorous campaigns, but no seats were won.

Four years later, in 1970, Union Movement mounted its last ever major election campaign in the Greater London Council elections. As always the major parties had almost unlimited access to television and other media outlets, while Union Movement faced almost a total news blackout. In spite of this media bias, the party still managed to attract over 10,000 votes.

But for Mosley, his political struggle was over. With his wife Diana he moved to France to be nearer to the heart of the Europe that he loved.

Sadly, Sir Oswald died in December 1980.

Now, 70 years later, Although Mosley has gone, and Union Movement has gone, the ideal of *Europe a Nation* continues with the League of St George and others.

Freedom Party Demands New Restrictions on Migrants

The patriotic, Austrian Freedom Party (FPO), who became part of the coalition government following their recent election gains, are demanding tighter restrictions on migrants arriving in Austria.

FPO leader and now Austrian deputy-Prime Minister, Heinz-Christian Strache is proposing to house migrants in disused army barracks and subject them to night-time curfews. Newly arrived migrants will have their money, often thousands of Euros, confiscated to help pay for their keep, and mobile phones will be taken and examined to provide a database of migrants trafficking contacts.

At the election last October, the FPO polled 26% of the national vote. As a result they were invited to form a coalition government with the Austrian People's Party who polled 32%. Sebastian Kurz, leader of the People's Party became Austrian Chancellor, and has given control of Austria's interior, defence and foreign ministries to the FPO.

In a joint statement the new coalition also vowed to cut migrants access to social services and welfare benefits.

Poland Upsets Israel over New Holocaust Law

Israel has condemned the Polish government for the introduction of a new law which makes it a criminal offence to link Poland and the Polish people to alleged Holocaust activities during WW2.

The new law makes it illegal to accuse the country of complicity in crimes allegedly committed by German occupation forces during the war. Under the new law, those found guilty of describing wartime concentration camps such as Auschwitz as "Polish death camps", could face up to three years jail.

The Warsaw government insists the new law is designed to defend Poland's reputation following widespread historical inaccuracies.

In passing the new law, Poland has snubbed both Israel, and its "puppet", the United States, both of whom demanded the legislation be withdrawn.

Will Italy Exit European Union?

Italian voters swung massively to the right with the anti-establishment *Five Star Movement*, the *Lega* (formerly the Northern League), the *Fratelli d'Italia* (Brothers of Italy) and *Forza Italia* led by former Prime Minister, Silvio Berlusconi all making massive gains.

With Euro sceptic parties likely to form a coalition government following the collapse of support for the ruling *Democratic Party*, Brussels is already voicing fears that the new government may push for Italy to leave the European Union. The Five Star Movement led the poll with 32%, defeating the ruling Europhile, *Democratic Party* who could only manage 18%. This prompted the immediate resignation of DP leader, Matteo Renzi. The *Lega* polled almost 18%, *Forza Italia* 14%, and *Fratelli d'Italia* 4%.

Immigration was the key factor in the election with the *Lega* and the *Brothers of Italy* promising to forcibly deport all of Italy's 600,000 illegal immigrants, most of whom arrived by smugglers boats from Libya.

Front National to Change Name?

Members of *Front National* will be voting on whether to support a proposal by leader, Marine Le Pen to change the party name to *Rassemblement National*

(National Union or Rally). The proposed change was narrowly adopted by delegates at their annual conference in Lille, but could be voted down by the mass membership.

Within hours of the announcement, a threat of legal action was made by Igor Kurek, claiming that he has already registered the RN name and even stood candidates under that name since 2014.

An alternative, *Alliance pour un Rassemblement National* could also be considered.

Matt Koehl Remembered

On a cold, wet day, Comrades from *New Order* gathered in Milwaukee to commemorate the third anniversary of the death of their former leader, Matt Koehl.

With swastika banners flying, the National Socialists held a short ceremony, laid flowers on his grave, and gave the traditional salute.

Matt Koehl, a former US Marine, became leader of *New Order* in 1967, following the assassination of the legendry, George Lincoln Rockwell.

In the evening a memorial gathering was held and National Socialists were addressed by the party's Chief of Staff, Martin Kerr.

“HATE CRIME”

The New Tactic to Persecute British Nationalists

British nationalists are facing a un-precedented attack on their freedoms as our masters attempt to crush all forms of patriotic dissent. Any individual, group or party viewed as dissidents to the established order are a target for state repression.

“Hate Speech-Hate Crime” is the latest tactic being used to suppress patriotic dissent.

Already, Britain First leadership, Paul Golding and his deputy, Jayda Fransen have been jailed for 18 weeks and 36 weeks respectively for “Religiously harassing” four Muslim rapists. Jayda, along with Paul recording her actions on a video camera, confronted four Muslim men charged, and later convicted, of raping a young white girl.

Jayda and Paul were jailed for “Religious harassment”.

Also facing “Race Hate” charges is singer-songwriter, Alison Chabloz.

Singer-Songwriter Alison Chabloz

Alison specialises in writing and singing satirical songs where she pokes fun at a variety of subjects. Appearing at a London Forum meeting in 2016, she sang three songs. These were then broadcast via social media.

As the case is ongoing and therefore *sub-judice* we cannot comment further. A District Judge, sitting without a jury will decide on Alison’s fate on May 25th.

London Forum organiser, Jez Turner is another patriot facing “Hate” charges. These relate to a speech he made in Whitehall in July 2016, in which he allegedly made comments about some British Jews being favoured by

the establishment. This case is also *sub-judice* as the trial is expected to start in mid-April.

Adding “race / religious hate” to charges is designed to increase sentences to those found guilty but, it only seems to be applied to white suspects. Of the dozens of Asian Muslims which have been found guilty of raping thousands of white, non-Muslim children, none so far have faced the racially/religiously aggravated addition to charges. This despite many of the criminals describing their white victims as, white trash, white scum, white whores etc. A decision which seems racist in itself!

Those white patriots dragged before our courts can reflect on other great nationalists who have been persecuted for their beliefs. Adolf Hitler, Rudolf Hess, Sir Oswald Mosley, Colin Jordan and John Tyndall were all persecuted by the state, but continued the struggle stronger than ever.

We must do our part too. Attend court hearings. At one recent case a bigger courtroom had to be found to accommodate supporters. Show your backing. Demonstrate our Comrades are not alone. Organise fundraising, make donations. **Only together can we achieve victory!**

SPRING EQUINOX

Spring is Here!

Since the celebration by our Pagan forefathers of the Winter Solstice in December, daylight hours slowly grow longer. By March, in the Northern hemisphere, daylight hours and night have become equal. The fields and the forests have begun to turn green again. Spring is here!

At this time of the year many of our ancestors turned to give thanks to a Germanic Goddess, *Ostara* or *Oestra*, who represents the fertility of the earth and the rebirth of nature. From now on the days will grow longer and the nights shorter. For the hunter, the forests see the emergence of young deer, rabbits and hares. For the farmer, the first green shoots of early crops are visible and it is time to sow more. Earthworms begin to become active and birds begin to migrate northwards following the path of the Sun. Nature's signs that spring is here!

Spring is Here !

In days past, our ancestors were more connected to the Sun and observed its pathway through the sky. They tracked how the sunrise, sunset and the length of the day changed, using the Sun and Moon as both clock and calendar.

With the feast and festival of Ostara essentially celebrating the land being reborn after the chill of the winter months, the newly emerging Christian church found it an ideal festival to adapt to celebrate the rebirth, or *resurrection* of their founder, Jesus Christ and his resurrection after death. And so it was that 325 AD the first major church council, the Council of Nicaea, determined that the Christian festival of Easter should fall on the Sunday following the first full moon after the spring equinox.

This year the spring equinox falls on Tuesday March 20th at 12.15pm.

Blessed Be!
